Cheryl...I am happy to report that the approval package for the bacteria, cadmium, and human health amendments is in the mail!!! I've also attached it to this email. As a note: you'll be receiving 3 copies as old habits die hard...and our Water Planning Division Director, Jutta Schneider requested I send to Catherine Libertz, Water Division Director EPA R3.

FYI - Ammonia amendments still at Gov's Office for their final review (Day 113) and the same with James R. chlorophyll amendments (Day 18).

YEAH!!!

You can just send 2 hard copies one to me and one to the RA. But can you send the copy to me electronically or is it to big?

Hi Cheryl...I'm pulling together the package RE: bacteria, cadmium, human health criteria amendments that were adopted and need you to refresh my memory as far as how many copies to send. I send one to Administrator Servidio and 3 copies to you, correct? The 30-day comment period was up yesterday and shortly after we receive 'duly adopted' certification from our AG the package will be mailed. Thanks!
